(1) ELBA LUZ DOMINGUEZ-PORTILLO

FACTS (CONTINUED)

The DEFENDANT, Elba Luz DOMINGUEZ-Portillo, an alien to the United States and a citizen of El Salvador, entered the United States from the Republic of Mexico on October 21, 2017, by crossing the Rio Grande River approximately 3.89 miles east of the Bridge of the Americas Port of Entry in El Paso County, Texas, which is located in the Western District of Texas. The area where the DEFENDANT crossed is not designated as a port of entry by immigration officers.

On October 21, 2017, at approximately 10:58p.m., Border Patrol Agent Andres Alarcon observed two individuals walking westbound, north of the Rio Grande River, on levee road located approximately 3.89 miles east of the Bridge of the Americas Port of Entry in El Paso, Texas. Agent Alarcon made contact with the individuals and identified himself as a United States Border Patrol Agent and questioned the individuals as to their citizenship and immigration status. The DEFENDANT Elba Luz DOMINGUEZ-Portillo stated she was a citizen and national of El Salvador with no immigration documents that would allow her to be or remain in the United States legally. Agent Alarcon asked the DEFENDANT where she had entered the United States. The DEFENDANT pointed to an area approximately 100 yards east of the Barker Crossover and stated that was where she had crossed the Rio Grande River a few minutes prior. The DEFENDANT was placed under arrest and transported to the Paso Del Norte Border Patrol Processing Center. The DEFENDANT was enrolled into the E3/IDENT/NGI system utilizing her biographic information and fingerprints. The system returned with negative immigration history and negative criminal history. The DEFENDANT was advised of and read her rights via Form I-214, and she acknowledged that she understood her rights by signing the form. Because this Affidavit is being submitted for the limited purpose of establishing probable cause as set forth herein, I have not included each and every fact known to me concerning this investigation.
